

ICS/NIMS Principles & Practice

Course Description

This course is designed to give the student a basic understanding of ICS/NIMS. Upon completion of the course the student should have a solid understanding of when, why and how these systems are used as well as the differences and similarities between the two. This course will focus on the basics of ICS/NIMS - Structure, responsibilities and implementation.

This course is based on FEMA's EMI IS-100/200 courses.
