

# HazMat Awareness Level

## Course Description

This course provides training for the emergency responder who, in the course of duty, may be the first on the scene of an incident involving hazardous materials. These responders are not expected to take any action other than recognizing the hazard and contacting trained personnel. This course meets NFPA Standard 472 and EPA 40 CFR Part 311 for Awareness Level Response.

## Certification Information

The Hazardous Materials Awareness certification examination is offered by the Fire-fighter and Emergency Responder Certification Program to the students who successfully complete the course. This is optional and will be given at the conclusion of the course.

### Certification Fees:

There is a separate charge for taking the certification exam; it is not included in the course fees. Details of the certification process and examination material can be found under the certification tab on the main page of the website.

80% attendance and participation is required in order to successfully complete the course and receive the course completion certificate.

## Class Notes

Hours	Cost
8	\$0/\$180

The textbook is included with this course if a fee is paid. If this course is taken at no charge, the student must purchase their own textbook.

Pre-tests and Post-tests may be given to assess the knowledge obtained from the course.

The lower listed cost applies to all Louisiana Municipal Fire Departments who are issued a Fire Department ID from the State Fire Marshal's Office.
